

How Facebook works ...

In 2016, in the NPR program “All Tech Considered” host Steve Inskeep is talking to reporter Aarti Shahani about how Facebook deals with inappropriate posts.

You can listen to the audio file here:

- Listen to this interview.
- While listening, complete the table below. You need not write complete sentences.
- Now read the table. You have one minute to do this.

1	Reason for reporting:	
2	One controversial Facebook post:	
3	Possible user reaction:	
4	Forbidden topics (one example):	
5	Facebook security measures:	
6	Collaboration with:	
7	Shortcomings of security measure (two aspects):	a) _____ b) _____
8	Dominant trends in using Facebook (one example):	
9	Shahani’s opinion of Zuckerberg:	

Do this task **after** you’ve listened to the whole interview.

10	Shahani’s overall attitude to Facebook’s monitoring system:	
----	---	--

In one minute you will hear the text again so you can check your answers.
